# Office Memorandum • UNITED STATES GOVERNMENT

TO : C/Plans and Policy Staff

DATE: 21 September 1955

FROM : C/Junior Officer Training Program

SUBJECT: Weekly Activity Report #38  
13-20 September 1955

## A. SIGNIFICANT ITEMS

1. The DDS has accepted the principle which the DTR proposed that Junior Officer Trainees be recruited and entered on duty against a stated proposal of over-all Agency vacancies for professional officers and has ruled, therefore, that processing of JOT's will continue. The group of some twenty JOT's who are now considered ready for transfer to permanent positions are to be so transferred within the limitations of the commitments of the JOTP to them. The methods for handling the necessary mechanics of the proposal will be worked out in conjunction with the Management Staff. The specialized recruiters, who happen to be at Headquarters for briefings, have been informed of this decision.

2. At a meeting held in the Pentagon with representatives of the Air Force, arrangements were made to bring into the JOT Program up to fifty Air Force ROTC officers after they had completed a year of active duty. A report of this meeting has been forwarded. The official agreement is being worked out and will be signed by the DCI and Secretary of the Air Force.
